<http://465Pebble.Homeis4Sale.com>--Our home's location is a great mixture of the country and city life! It's close enough to the city of Atlanta for enjoyment of special events, concerts, and entertainment of the city nightlife...only about a 25 minute drive. But it's far enough to not have to worry about Atlanta traffic and the daily hustle and bustle of city life!

Our home is the perfect start for first time home buyer or a newly married or engaged couple! It might even be a perfect fit for a retired couple looking to downsize. We love how our kitchen and living areas are spacious and open, which is great for entertaining friends and family. It leads to the huge backyard where we would grill, watch the kids play or just sit outside and enjoy the fresh air. We know you will enjoy it too! And the upkeep won't take a toll on you.

The best room is the master bedroom. It is roomy and relaxing! We have our king size bed and full size dresser with room to spare. But we really like that we have separate, spacious walk-in closets and his/her vanities. It makes getting ready for work in the mornings so much easier. We also have the separate shower and garden tub in the master bathroom. My wife loves being able to relax in the garden tub after a long day at work!

You won't feel cramped in any room in this house! We have lived in this home for 10 years and we have enjoyed every moment of it. Now it's time for another family to enjoy it. We have taken very good care of this home and kept everything in top shape, inside and out. All you have to do is move in and start enjoying all the features of this home and location that makes it relaxing and convenient to shopping and the city.

We've had the same neighbors for 10-years and everyone in the neighborhood looks out for each other. There is virtually no crime in this area and the overall upkeep and well-being of the neighborhood is great! You will love your new home and neighbors! Schedule your private tour today!
